FISCAL YEAR 2013-14

GOVERNOR NIKKI R. HALEY

DECEMBER 20, 2012

State of South Carolina

Office of the Governor

NIKKI R. HALEY
GOVERNOR

1205 PENDLETON STREET
COLUMBIA 29201

December 20, 2012

To the People of South Carolina and the Members of the General Assembly:

South Carolina is on the move. Our unemployment rate is now 8.6%, down from 10.6% when I took office nearly two years ago. We've also created 29,972 new jobs together. But you don't have to take my word for it – at the University of South Carolina's Economic Outlook Conference last week, Professor Doug Woodward said, when it comes to foreign and domestic business investment, "We look the best of all states going into 2013." I couldn't agree more.

Manufacturing is growing again in the Palmetto State, and we're seeing a rise in housing prices, along with a dramatic increase in building permits. This means construction jobs, too.

We're back on track, but what's happening in Washington threatens to derail us. Congress and President Obama have less than two weeks left to resolve their differences before we're thrown over the fiscal cliff, to face higher taxes and reduced federal support for many programs. Higher taxes are the last thing we need when we're trying to create jobs. The threatened cuts to our armed forces could also have a serious impact on South Carolina's economy, where we have critical military installations that are at the very heart of our communities. For this reason, my budget recommends additional funding for the Military Base Task Force that Comptroller General Richard Eckstrom chairs.

The rising cost of healthcare continues to be the greatest challenge we must confront as we fight to rein-in spending. Even if we opt-out of Medicaid expansion, the Affordable Care Act will cost us \$67.4 million in the upcoming year. Every dollar that Washington forces us to spend on a still-inefficient Medicaid program is a dollar we can't put into our schools, into our roads and infrastructure, or back into the pockets of those who work hard every day to earn that money in the first place. Furthermore, the costs associated with public employees' pensions and health benefits will cost the General Fund nearly \$80 million more in the 2013-14 fiscal year, crowding out nearly all other programs.

While the fight over Medicaid expansion has put the spotlight on the Department of Health and Human Services, other state healthcare agencies are also being affected by new rules from Washington. An appreciable fraction of the nearly \$5 million recommended for the Department of Disabilities and Special Needs is to respond to changing federal Medicaid reimbursement guidelines. The budget recommends that \$600,000 of this increase be used to implement the Supports Intensity Scale, which is a widely respected assessment tool used to help determine the level of support an individual needs in order to live independently. This instrument is critical to the development of valid treatment plans, but also, the equitable allocation of the state's funds for those with special needs.

The Executive Budget also steps-up state support for the Department of Mental Health's telepsychiatry initiative, which is a true public-private partnership that includes the Duke Endowment, the South Carolina Hospital Association, and various hospitals and universities across the state. This cost-saving program allows providers to support patients in underserved areas in real-time, even outside of regular hours.

Turning to education, the budget I am presenting to you today maintains Base Student Cost, while increasing funding for both teacher supplies and instructional materials. Although my children attend public schools, I continue to believe that parents deserve a choice – especially those who live in communities where public schools aren't making the grade. For this reason, I am recommending an additional \$5 million for charter schools next year.

Choice is not a silver bullet, though. Building better schools will require new methods of teaching, but will also require a greater degree of accountability for our teachers and administrators. Teach For America's winning approach has won it countless awards all across the country. Last year, I recommended and the General Assembly graciously approved \$2 million for this exceptional program. This year, I ask for \$1 million more, to help TFA expand into more schools. I also applaud Superintendent Mick Zais for receiving a waiver from the federal government under the Elementary and Secondary Education Act. The flexibility granted through this action will enable us to more meaningfully evaluate our schools and educators, and subsequently take the necessary steps to improve performance.

With affordable tuition and a keen eye for the skills needed by our state's businesses, South Carolina's Technical College System continues to be a nationally-recognized model. My budget recommends more than \$7.5 million in non-recurring funds to honor the job-training commitments we have made under the "readySC" program. This would be supplemented by an additional one-time allocation of \$2.5 million for laboratory improvements and the replacement of associated equipment, plus a \$2.5 million increase in General Fund support for the Technical College System's educational offerings.

To more fairly and effectively allocate the state's scarce resources, I have proposed – and will pursue again in the upcoming legislative session – a model of Accountability-Based Funding for higher education. This initiative, which was passed by the Senate in 2012, will ensure that

public investments both follow our in-state students and also reward those institutions that offer quality instruction as they help their enrollees graduate on-time and at a reasonable cost.

Our public colleges and universities are centers of innovation and economic development; I am therefore recommending support for Clemson University's Center for Energy Systems, to build upon their highly respected efforts in this important, job-creating field. This budget also embraces the University of South Carolina's Palmetto College, which makes a high-quality education more accessible for students – such as working professionals and members of the military – who can't attend class on a more traditional schedule. In addition to funding these programs, the Executive Budget recommends that \$24 million from the Capital Reserve Fund be allocated for the deferred maintenance needs of our public higher education institutions, based upon their respective shares of in-state undergraduate students.

The current year's budget made significant investments in law enforcement, especially within the State Law Enforcement Division. The FY 2013-14 Executive Budget recommends additional personnel and equipment for SLED's investigative services, forensics, and information technology units, among others. The budget also calls for 18 new Highway Patrol officers in the Department of Public Safety, plus 10 law enforcement officers in the Department of Natural Resources.

In June, inmates briefly took control of a dormitory at Lee Correctional Institution. Although order was restored within hours, the event underscored the need to better provide for the safety of those who protect us each day. For this reason, my budget recommends that non-recurring funds be used to construct two towers at Lee and to purchase metal detectors, wands, cameras, and other protective equipment for our most dangerous facilities.

The proposed budget also contains funds for 25 new parole agents, to improve offender supervision ratios, along with more staff and improved technology to help us deploy evidence-based practices in our probation and parole system. Recommended increases for the Department of Juvenile Justice would largely replace dried-up funding streams or cash balances that have been depleted. Like many agencies in our criminal justice system that receive a significant portion of their funding from fines, DJJ's revenues have been affected by offenders' lack of resources with which to pay penalties.

More than 1,000 of South Carolina's bridges are either load-restricted or structurally deficient. The condition of our infrastructure is deteriorating to the point where it is limiting economic growth. Some have called for a higher gas tax, but I disagree. Instead, let's start by having more of the gas tax we already collect go to our bridges and highways.

Millions of dollars of gas taxes and related fees are currently being diverted to other uses. In this budget, I recommend that the General Fund take on the cost of supporting both the Department of Natural Resources' Water Resources Fund and also the Department of Agriculture's petroleum inspection program. These changes will make \$4.3 million available each year for

transportation needs. I am also asking that \$10 million be allocated from the Capital Reserve Fund in the upcoming year, to be distributed using the criteria specified under Act 114.

Although the budget I have proposed funds all essential services within the General Fund revenues projected by the Board of Economic Advisors last month, if the past is any indication, those projections will rise as the budget bill makes its way through the General Assembly. When the BEA does ultimately raise its estimate, I suggest that the legislature pass a bill to eliminate the 6% individual income tax bracket and instead let that income be taxed at the 5% level. This action would reduce future General Fund revenues by roughly \$26 million and would help citizens offset any increases in income or Social Security taxes that may be coming from Washington next month. After paying for this relief, any additional General Fund revenues should be dedicated to transportation.

Finally, the proposed budget contains more than \$20 million to repay the loan authorized by the Budget and Control Board for costs associated with the data breach at the Department of Revenue. In my Executive Budget last year, I fully funded the remainder of the South Carolina Integrated Tax System project, to replace our outdated systems with a modern one that can process returns more swiftly and provide improved reporting and service at a lower cost. The General Assembly approved a fraction of this request, but those funds ultimately failed to materialize after revenues fell short of the target.

This year, I am again recommending that SCITS be funded out of available non-recurring revenues, along with several other IT security projects in other agencies. These steps will help to secure our electronic systems and records, but as the initial reports on the data breach show, a serious approach to technology requires that we take an enterprise-wide perspective. The inescapable conclusion, as countless good-government advocates and editorial page-writers have observed in the past decade, is that it's time for a Department of Administration.

I respectfully submit the Executive Budget for Fiscal Year 2013-14 and look forward to working with you on this and other important initiatives in the coming year.

My very best,

PREPARING THE FY 2013-14 BUDGET

The following diagram illustrates the key milestones in the year-long process of developing the state's budget for FY 2013-14.

THIS PAGE INTENTIONALLY LEFT BLANK

FINANCIAL OVERVIEW

ANNUAL CHANGE IN APPROPRIATIONS, BY FUND TYPE

The table below summarizes the changes in General Fund and Total appropriations (including Other and Federal Funds) under the Executive Budget. The reduction in total spending is primarily attributable to the deletion of “certified public expenditures,” which artificially inflate apparent spending by either counting the same dollars twice (for interagency transfers), or else by counting direct federal entitlement payments to beneficiaries, even if those funds are never held in the state’s custody.

ANNUAL CHANGE IN APPROPRIATIONS					
	General Fund			Total	
FY 2012-13	\$	6,117,658,751		\$	23,036,778,767
FY 2013-14	\$	6,298,831,024	↑ 2.96%	\$	22,619,542,674 ↓ -1.8%

Note: The FY 2013-14 Executive Budget proposes to capture the \$10 million previously taken off the top of General Fund revenues each year and to instead appropriate those resources within Part IA of the Appropriations Act, including for Film Incentives. The FY 2012-13 General Fund figure has been adjusted accordingly, to allow for a consistent basis of comparison.

CONTROLLING SPENDING GROWTH

The Governor’s proposed budget is balanced within the allowable growth rate of 3.23% that accounts for increases in population and inflation.

FY 2013-14 SPENDING CAP CALCULATIONS	
FY 2012-13 Part IA General Fund Appropriations	\$ 6,087,936,408
<i>Vetoed Sustained</i>	\$ (1,000,000)
FY 2012-13 Part IB Recurring Fund Appropriations	\$ 30,722,343
FY 2012-13 Total General Fund Appropriations	\$ 6,117,658,751
Allowable Growth Rate (1.43% Population, 1.80% Inflation)	
	3.23%
FY 2013-14 Allowable General Fund Appropriations	\$ 6,315,259,129
FY 2013-14 Executive Budget General Fund Appropriations	\$ 6,298,831,024
Additional Allowable General Fund Growth	\$ 16,428,105

Note: Population – Average compound growth rate for 2000-2010, U.S. Census Bureau; Inflation – South Region CPI

ADDITIONAL GENERAL FUND REVENUES EXPECTED

Any predictions about future economic conditions are subject to error. Just as hurricane forecasters produce maps that show a larger potentially-affected area the further they look into the future, the “cone of uncertainty” that surrounds revenue predictions is also wider for longer-range forecasts.

In the annual budget process, we see this trend play in reverse. When Governors prepare their Executive Budgets, they must rely upon the General Fund revenue estimates produced by the Board of Economic Advisors (BEA) in November, at least seven months prior to the beginning of the relevant fiscal year. These estimates have historically been rather conservative, since the BEA is naturally reluctant to produce a forecast that might need to be lowered prior to the budget’s final passage.

The BEA continues to revise its revenue forecasts using the most current information available, and as the budget advances through the legislative process, the BEA generally raises its General Fund estimates as it becomes more confident that global conditions will not materially change prior to the beginning of the new fiscal year.

The chart above unambiguously depicts these forces at work. In the past several years, the BEA’s March estimates have been an average of \$67.3 million higher than the amount certified for the Governor in

November. By the time the BEA has issued its May revision for either the Senate or the Conference Committee, the new revenues have been an average of \$103.4 million above the November forecast.

This year's Executive Budget calls attention to this trend in order to suggest priorities for any funds that the BEA may recognize prior to the final enactment of a spending plan for the 2013-14 fiscal year. These proposed items are not reflected in the agency presentations that follow or in the documents formally submitted with the Executive Budget.

First, the budget proposes to eliminate the 6% individual income tax bracket that currently applies for taxable income between \$11,400 and \$14,250, and to have this income be taxed at the 5% rate that applies in the next lower bracket. The overwhelming majority of filers who have a net liability would benefit from this action, saving the average filer \$29, at a General Fund cost of \$26,046,000.

Since FY 2005-06, the BEA's May revision has been an average of \$103,400,075 higher than the November estimate supplied to the Governor. After paying for the tax cut proposed above, this would leave \$77,354,075 in recurring, unobligated General Funds, which this budget recommends be entirely dedicated to the state's transportation needs.

ISSUES AND INITIATIVES

REFORM AND RESTRUCTURING

REFORM

Reduction Veto

When the Governor is presented with the budget each year, she must choose between vetoing each item in its entirety or else letting it become law at the amount approved by the General Assembly. This “all or nothing” approach commonly forces the Governor to swing an axe when only a scalpel is required. This problem was exacerbated in 2011, when the Supreme Court ruled in *Jackson v. Sanford* that the executive could no longer isolate General Funds from other funding sources when issuing vetoes.

Sixteen other states, including Virginia and Tennessee, have found a solution to this problem – it is the reduction veto. In these states, once the Governor receives the budget, he or she has the ability to recommend that specific appropriations be reduced to lower levels. These recommendations are then returned to the General Assembly, which may elect to either accept them or reject them. In the latter case, the original amounts immediately become law. This approach has the virtue of giving the executive an opportunity to make reasonable and specific suggestions to the General Assembly, but in a way that leaves the legislature with the final say on spending levels.

The reduction veto has a clear fiscal impact. During the 2000s, states that had an amendatory or reduction veto had average per-capita annual General Fund growth rates that were 2.5% lower than the states that lacked one.

Ethics Reform

On October 18, 2012, the Governor announced the formation of the bipartisan South Carolina Commission on Ethics Reform and tasked it with conducting a comprehensive review of the state's ethics and open records laws. This Commission continues to operate independently of the Governor's Office to evaluate prospective improvements in the state's laws that govern income disclosures and conflict of interest guidelines for public officials, along with enforcement processes, the composition of oversight panels, and other relevant matters.

The Administration eagerly awaits the report of the McMaster-Medlock Commission, which will be submitted by January 28, 2013.

RESTRUCTURING**Department of Administration**

The Budget and Control Board, an agency overseen by five elected officials from the executive and legislative branches of government, provides central administrative services for South Carolina's state agencies. This includes procurement, technology, budgeting, facilities and real estate, and a number of other critical back office functions. The Board's structure leaves employees answering to an Executive Director who must struggle to satisfy five principals with conflicting priorities, making it impossible to define a durable vision for the agency. Citizens often call for government to be run more like a business; if this is to be accomplished in South Carolina, then the CEO – our Governor – needs what 48 other states have – control over and responsibility for basic administrative functions of the state.

Appointment of the Superintendent of Education

Providing for the education of our children is one of the core responsibilities of state government. Electing the Superintendent separately creates the risk that the Governor and the Superintendent may have incompatible positions with each other, which could affect the Department of Education's ability to work with cabinet agencies or the state's ability to lay out a common position when seeking grants from various sources.

Merging the Arts Commission into the State Museum Commission

South Carolina's Arts Commission is an independent agency that largely exists to provide grants to sustain arts organizations, support art-focused educational programs, and sponsor fellowships. In some cases, the Arts Commission provides funds to local organizations that then sub-grant those dollars to other entities.

The administration and overhead costs to sustain this organization are significant. Although the program has recently moved into less-expensive space than it previously occupied, there is sufficient room in the State Museum to house the Arts Commission without needing to pay for a separate lease at all. Bringing together the Arts Commission and State Museum Commission would permit these agencies to share administrative support and also bring together the state's agencies that share responsibility for promoting cultural interests.

Transferring the Sea Grant Consortium to the Commission on Higher Education

In most states, the Sea Grant program is administered by a state university that features a marine science institute or other comparable center. In South Carolina, a standalone Sea Grant Consortium has its own additional staff to pursue federal grants and also to administer those programs and sub-grant many of those dollars to participating universities or other organizations.

The Southeastern Atlantic Alliance administers grants to fund research and conservation activities from the National Oceanic and Atmospheric Administration. In 2012, the Alliance transferred responsibility for administering this grant from the Sea Grant Consortium to the Department of Health and Environmental Control. Despite this reduction in its workload, the Consortium has not produced a smaller budget request.

The Executive Budget proposes to transfer the Consortium's responsibilities to the Commission on Higher Education, which is already responsible for administering a number of federal grants, and which serves the same agencies that participate in the Consortium today. This proposed change would allow Sea Grant to share administrative support with other programs that serve the higher education community, and in an independent setting that would not prioritize one participating institution over any other.

TAX REFORM

Last year, the Governor proposed a tax reform package that would have reduced individual and business taxes by nearly \$140 million in the first year it took effect. The tax package proposed in this budget retains several features of last year's plan.

The Governor's tax reform proposal consists of four key components:

1. Continue the tax reduction for trade and business pass-through income, from 4.33% this year to 3.67% next year;
2. Eliminate the 6% Individual Income Tax bracket and assess that income at the lower 5% rate;
3. Amend the Constitution to establish Property Tax rates by statute; and
4. Require that the Board of Economic Advisors and the Department of Revenue publish biennial reports on the number of beneficiaries of each tax credit, deduction, and exemption, along with the impact on the State Treasury.

Pass-Through Business Income Tax

On June 28, 2012, Governor Haley signed H.5418 into law, which immediately reduced the tax rate on pass-through business income from 5% to 4.33%, saving businesses \$20.3 million in FY 2012-13. Further reducing the rate to 3.67% in the upcoming fiscal year will reduce General Fund revenues by an additional \$21 million.

Individual Income Tax

In the event that the BEA certifies sufficient General Fund revenue in early 2013, the Administration proposes to eliminate the 6% individual income tax bracket that currently applies for taxable income between \$11,400 and \$14,250 and to have this income be taxed at the 5% rate that applies in the next lower bracket. The overwhelming majority of filers who have a net liability would benefit from this action, saving the average filer \$29, at a General Fund cost of \$26 million. Eliminating the 6% bracket would be an important step forward, towards a fairer, flatter, and more comprehensible tax system.

Property Tax

Property tax rates are established in Article X of the South Carolina Constitution, making it a difficult and time-consuming process to reduce rates, such as for the crushing 10.5% Manufacturer's Property Tax. This plan proposes to begin by amending the Constitution to allow these rates to be set in statute, making it easier to reduce them in the future.

Tax Credits, Deductions, and Exemptions

The State's current patchwork of tax credits, deductions, and exemptions often rewards targeted individuals, businesses, or classes at the expense of all other taxpayers. Extending preferential treatment to one segment of society reduces the overall tax base, driving up rates for those who are unable to obtain special status for themselves.

Biennial reporting on the number of beneficiaries for each tax expenditure, along with the impact on the State Treasury, would provide key decision-makers with the information they need to regularly reassess the merits of these incentives.

A BETTER EDUCATION

Each year, the Governor carefully weighs the recommendations of both the Superintendent of Education and the Education Oversight Committee when preparing the Executive Budget. Although aligned in many ways, there are substantial disagreements between the two, especially where transportation costs are concerned. As in the past, the FY 2013-14 Executive Budget agrees with the Department in some areas and the Committee in others.

This budget also endorses the EOC's call for an additional \$1 million to expand Teach for America's activities in South Carolina, along with increases for teacher supplies, EAA technical assistance, PowerSchools data collection, and others. The Governor's FY 2013-14 spending plan supplies more money for instructional materials than the enacted budget for FY 2012-13, with a greater share now paid through recurring sources. This budget further calls for the annualization of the non-recurring funds that were provided for STEM SC, teacher salaries, and student transportation.

Pursuing Needed Reforms and Promoting Innovative Practices

Occasionally, the Governor makes recommendations that are drawn from neither the Department nor the Committee; for instance, last year, the Governor called for a substantial increase in support for South Carolina's charter schools. Neither agency had requested this, but the Administration appreciates the General Assembly's approval of this request, even if at a reduced amount. For the upcoming year, the Executive Budget recommends an additional \$5 million for charter schools, which give parents a choice and which serve as laboratories of innovation.

On July 19, 2012, Superintendent Zais received notice from the federal government that the state's request for a waiver from various aspects of No Child Left Behind had been approved. This gives South Carolina a chance to make important changes to the way it evaluates teachers and principals. Although many see "more money" as the knee-jerk answer to the problems we see in our K-12 educational system, new approaches to school and teacher evaluation are a critical, foundational component of a more comprehensive strategy to improve educational quality and outcomes. As noted earlier, an appointed Superintendent of Education is also essential.

Accountability-Based Funding for Higher Education

Funding for South Carolina's institutions of higher education is driven largely by inertia or by the ability of each school's executives and other representatives to convince the General Assembly of the need for more money.

The Governor proposes to transition over the next six years to a system of Accountability-Based Funding (ABF) for higher education, which would base an institution's appropriations on the number of in-state undergraduate students that it serves and the institution's performance in four main categories:

- Completion (30%);
- Affordability & Access (30%);
- Educational Quality (25%); and
- Economic Development & Institutional Mission (15%).

Each category would be further divided into two or three component indicators. For instance, “Completion” would consider the percentage of enrollees who graduate from a college or university within six years (worth 20%) along with the percentage of students who complete their first undergraduate year and return for their second (worth 10%). This retention rate would be evaluated based upon each institution’s three-year moving average.

In the first three categories identified above, public colleges and universities would be evaluated based upon national benchmarks or other objective targets. To account for the uniqueness of the mission of many of South Carolina’s institutions of higher education, the performance measures and targets for the “Economic Development & Institutional Mission” category would be negotiated with the Commission on Higher Education based upon the individual institutions’ proposals. Similarly, each institution’s appropriations would also be based in part upon that college or university’s class. The ABF proposal suggests that the Carnegie Classification of Institutions of Higher Education be considered as a framework for differentiating between institutional classes. This funding model may also need to account for whether an institution’s admissions policy is either open or competitive.

The administration proposes that FY 2013-14 be treated as a “learning year” in which the mechanisms and procedures for managing the evaluation process may be established and baseline data may be collected. In FY 2014-15, 5% of the direct funding for public colleges and universities would be distributed through the ABF model. This share would increase in progressively larger tranches until it reached 100% in FY 2018-19.

Local Choice for Student Transportation

The current state-run model of providing student transportation services to K-12 students suffers from several key deficiencies. The status quo:

- Offers essentially no opportunity for the private sector to participate in the provision of these services;
- Gives local education authorities little voice or control over how students are transported in their districts;
- Incorporates a funding model that forces many districts to maintain their own parallel bus fleet (white buses) to provide services that cannot currently be offered using the state-owned system (yellow buses); and
- Funds student transportation using a series of arcane and impenetrable formulas and allocations that obscure the true costs of the current system.

The Governor proposes that the state divest itself of all school buses by June 30, 2017. Individual districts would be given the opportunity to decide whether to operate fleets themselves or opt-in to an outsourced model during the transition period. Districts would also be given the flexibility to choose the approach that works best for them. For instance, a hybrid plan would allow for a district to elect to contract out for driver and vehicle maintenance services, but also to own its own buses and maintenance facilities.

In addition to determining which services to provide directly and which to outsource, each district would also be given the opportunity to decide whether to pursue the chosen approach independently or through a consortium with neighboring districts.

These changes would be combined with a shift towards a funding model that allocates funding for student transportation based primarily on the number of children receiving these services as modified to account for the population density of each district, since rural districts will unavoidably have longer bus routes for fewer students, and the number of special needs children, who often require customized vehicles.

This new model for providing student transportation services would address each of the issues identified above and would have the additional benefit of letting the Department of Education focus on its core mission – educating our children.

Fixing First Steps

The Legislative Audit Council's (LAC) recent report on BabyNet was unflattering in many respects, especially where it addressed budgetary controls and oversight, assessment of provider quality, and progress towards federally-required performance targets. The report that the LAC is expected to release on First Steps in February 2013 may well have a similar tone.

For too long, First Steps has failed to address the basics – it is a program responsible for making children ready for school, but it still lacks a definition for “school readiness.” There are also significant concerns about the efficacy of the program's service offerings, some of which have not been validated by peer-reviewed publications as being effective.

The Executive Budget reflects continued support for this program at the current year level, but this should not be construed as an endorsement of the status quo. The Administration looks forward to reviewing and reflecting upon the LAC's report early in 2013 and will make more specific recommendations as to how these services should be delivered, and by whom, in the wake of that audit.

IMPROVING HEALTHCARE WHILE CONTROLLING COSTS

The cost of healthcare, both for those receiving benefits through the state and also for our public employees, continues to be a major cost-driver. Medicaid will consume more natural revenue growth in the upcoming year than any other program, due to rising enrollment, a modest increase in the average cost per beneficiary and the effects of the Patient Protection and Affordable Care Act (Obamacare).

Although billed as “free money” for the state, the Affordable Care Act is projected to cost South Carolina \$67.4 million in FY 2013-14, even without the state electing to participate in Medicaid expansion. These costs are primarily caused by the “welcome mat effect,” by which thousands of South Carolinians who are currently eligible for Medicaid will enroll in much larger numbers due to ACA’s provisions. Additionally, ACA requires a temporary increase in physician payments that is not fully funded. The incremental state spending required by these mandates is at the state’s current match rate instead of the higher federal match commonly cited by ACA’s proponents. The federal government will pay a progressively smaller share of these expenses over time, leaving South Carolina’s taxpayers footing more and more of the bill.

Opting-in to ACA’s Medicaid expansion would crowd out spending in other critical areas, such as education and transportation. It would also grow a program that has not fully demonstrated its ability to improve outcomes within reasonable expectations of effectiveness and efficiency. While the

Department has lowered costs and improved outcomes over the past two years, current Medicaid beneficiaries in different regions of the state continue to have disturbingly disparate outcomes even though they all have Medicaid coverage. Expanding Medicaid under ACA perpetuates these disparities by forcing ever-increasing amounts of money into areas that have less need than others and into services that have less impact on health than others.

The investments we make in healthcare should be targeted to have the greatest impact on health. The lack of flexibility, predictability and accountability in the current federal-state Medicaid relationship hinders our ability to nimbly make South Carolina-specific decisions about health. Accepting the optional Medicaid program would hand even greater control over our budget to the federal government.

REVITALIZING OUR TRANSPORTATION SYSTEM

The FY 2013-14 Executive Budget proposes significant new investments in South Carolina's transportation network, through a combination of recurring and non-recurring funding sources.

Changing the process for funding the Department of Natural Resources' Water Resources Fund would release \$3.4 million annually, which the budget proposes to apply towards the replacement or repair of the state's load-restricted bridges. A similar change for the Department of Agriculture's efforts to inspect petroleum products would release an additional \$892,000 each year, to be used for the same purpose. The proposed budget pays for both of these actions, using General Fund resources.

The Executive Budget also recommends that \$10 million from the Capital Reserve Fund be allocated for transportation projects based upon the guidelines contained in Act 114 of 2007, which established a prioritization process that rests on objective criteria

As noted earlier, if the past is any indication, then it is very likely that the BEA will raise its General Fund estimate as the FY 2013-14 budget approaches enactment. After using the first \$26 million of additional revenues to eliminate the 6% individual income tax bracket, the Governor proposes that any additional recurring General Fund revenues be applied towards improving South Carolina's transportation infrastructure.

MAKING SOUTH CAROLINA SAFER

The enacted budget for Fiscal Year 2012-13 made substantial investments in public safety. For instance, the State Law Enforcement Division's General Fund budget was increased by more than one-third over the prior year's level, as 49 new positions were added to the agency's complement.

The FY 2013-14 proposal again recommends that funds be allocated to hire uniformed officers in the Department of Public Safety, the Department of Natural Resources, and the State Law Enforcement Division. These requests are accompanied by a call for essential equipment, ranging from vehicles and firearms to mobile communications services that will enable officers to access key records and submit reports from the road.

The capital needs of the Department of Corrections are particularly acute and must be addressed in order to assure the safety of our correctional officers. The Executive Budget recommends that nearly \$10 million from the Capital Reserve Fund be dedicated to this agency's projects, such as constructing two towers at the Lee Correctional Institution, installing cameras to cover blind spots, and purchasing metal detectors and wands to detect concealed weapons and contraband.

<i>This proviso and Proviso 1.54 (Medicaid Cash Match Accounting) both relate to the Department's and school districts' participation in Medicaid and should be codified.</i>		
1.3	EFA Formula/Base Student Cost Inflation Factor	Amend
<i>This proviso is updated annually with Base Student Cost calculations.</i>		
1.6	Employer Contributions/Obligations	Codify
<i>This proviso directs the Department to withhold an educational subdivision's state funds if it fails to remit proper payments to cover employee fringe benefit costs.</i>		

1.10	Instruction in Juvenile Detention Centers	Codify
<i>This proviso directs school districts to provide education to students housed in juvenile detention centers within their boundaries.</i>		
1.12	School District Bank Accounts	Codify
<i>This proviso authorizes school districts to maintain a bank account.</i>		
1.14	Teachers/Temporary Certificates	Codify
<i>This proviso allows teachers with temporary certificates to be paid using state funds and imposes a reporting requirement.</i>		
1.24	School Bus Purchase	Amend
<i>This proviso gives the School Bus Specifications Committee authority to establish specifications to be used during the procurement process. The Executive Budget supports the amendments proposed by the Department in FY 2012-13, which would allow the Committee to use other state or local specifications. The current language only allows Georgia's or North Carolina's to be considered.</i>		
1.41	No Discrimination Requirement	Codify
<i>This proviso prohibits the appropriation of state funds to a school that discriminates against, participates with, or is a member of an association with policies that discriminate or afford different treatment of students based on race or national origin.</i>		
1.43	Medicaid Cash Match Accounting	Codify
<i>This proviso and Proviso 1.2 (DHEC – Comprehensive Health Assessment) both relate to the Department's and school districts' participation in Medicaid and should be codified.</i>		
1.44	Student Report Card-GPA	Delete
<i>This proviso requires that high school report cards contain a student's GPA. This is a minor, non-budgetary requirement that should be imposed by regulation, if at all.</i>		
1.50	Charter School Funding Schedule	Delete
<i>Timeliness requirements for the Department's payments to charter schools have been codified at SC Code 59-40-140, rendering this proviso obsolete.</i>		
1.57	Governor's Schools Residency Requirement	Codify
<i>This proviso makes the South Carolina residency of a parent or guardian a requirement for application to or continued attendance at a Governor's School.</i>		
1.67	Bus Lease/Purchase	Codify
<i>This proviso gives the Department the option to either lease or purchase buses in order to replace its fleet.</i>		

1.71	Lee County Bus Shops	Delete

<i>This proviso controls the use of the IDEA Contingency Reserve funds and will need a technical amendment in order to revise dates and Base Student Cost calculations.</i>		
1A.2	Services for Students with Disabilities	Amend
<i>The Executive Budget supports the Department's request to revise references to the class of students receiving services through this program in order to conform with state and federal laws, regulations, and court decisions.</i>		
1A.8	Evaluation/EIA Programs	Amend
<i>This proviso allocates funds provided in Section XI.E.2. The Executive Budget supports the Department's proposed amendments, which would eliminate carve-outs, and give the Department discretion to use the funds for program evaluations conducted internally or by contract.</i>		
1A.14	EOC	Amend
<i>This proviso identifies potential revenues for the Education Oversight Committee, but also gave the Committee authority to pass-through funds to the South Carolina Council on Economic Education in FY 2012-13. <i>The Executive Budget supports the Department's position that this proviso should be amended to close the National Board Certification Initiative program to new entrants.</i>		
1A.36	Carry Forward	Amend
<i>This proviso carries forward FY 2012-13 and prior year balances and dedicates those resources to Palmetto Priority Schools (\$200,000 each), plus school bus fuel. The Executive Budget allocates \$8,000,000 in EIA balances (National Board) to Instructional Materials, and proposes that any remaining balances and unexpended funds be dedicated to the same purpose.</i>		

1A.38	IDEA Maintenance of Effort	Amend
<i>This proviso allows for IDEA maintenance of effort to be funded with resources from Section XI.A.1 (Aid to Districts) before any other allocations in that section apply. This proviso will need to be updated to reflect the most current projections available.</i>		
1A.40	Partnerships/Other Agencies & Entities	Delete
<i>This proviso states that entities receiving certain funds must receive them through the Education Oversight Committee. The Executive Budget supports the Department's position that this proviso should be deleted because entities receiving allocations through the EIA receive them directly.</i>		
1A.42	Career and Technology Education Consumables	Delete
<i>This proviso allows funds appropriated for Career and Technology Education to be used for consumables. The Executive Budget supports the Department's request to delete this proviso, on the basis that these funds may already be flexed under Proviso 1A.17.</i>

Notes:

1	FY 2013-14 Executive Budget proposes to eliminate this program. General Fund support for "High Schools That Work" was vetoed in FY 2011-12.
2	Executive Budget provides \$452,612 more for Instructional Materials than was provided in FY 2012-13, and increases the share of funds coming from recurring sources. EIA revenue is not sufficient to fully annualize the Department of Education's (SCDE) request, but the Executive Budget proposes to amend Proviso 1A.36 (Carry Forward) to allocate any excess EIA revenues in the upcoming year to Instructional Materials, as well.
3	Executive Budget funds the increase requested by SCDE and the Education Oversight Committee (EOC).
4	Executive Budget annualizes the \$10.1M non-recurring provided for "Teacher Salary Support - State Share," and rolls both the recurring and non-recurring amounts appropriated in FY 2012-13 into the "Teacher Salary Supplement" appropriation, as recommended by the EOC.
5	Both SCDE and EOC recommended reductions for "National Board." The Executive Budget follows the EOC's lead in reducing this line to \$54M, due to the lack of new participants and also to spend down available balances within this program. These balances are also used to fund the \$8M non-recurring for "Instructional Materials."
6	Executive Budget reduces, as requested by the EOC.
7	Executive Budget increases, as requested by the EOC.
8	Executive Budget proposes to eliminate this program, which has historically been poorly rated by the EOC.
9	Executive Budget eliminates the General Fund pass-through that was used in FY 2012-13 for this program and establishes an EIA line, as requested by EOC.
10	Executive Budget annualizes the \$2.2M in non-recurring support provided for Transportation in FY 2012-13.

COMMISSION ON HIGHER EDUCATION

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ That the pay raise allocation be distributed as requested by the agency.
- ✿ An additional \$79,710 for the Southern Regional Education Board's (SREB) Contract Programs.
- ✿ The elimination of the Performance Funding line (\$1,397,520), which despite the name, is no longer associated with performance-based funding initiatives. The Executive Budget instead proposes to introduce Accountability-Based Funding for South Carolina's public colleges and universities.
- ✿ Reductions of 20% for Greenville Technical College – University Center (\$118,878), University Center of Greenville – Operations (\$216,980), and the Lowcountry Graduate Center (\$157,020). Although these facilities serve a useful function, the costs of operating them should be borne by the participating institutions, instead of through special lines in the budget.
- ✿ That the functions of the Sea Grant Consortium be absorbed by the Commission on Higher Education, beginning in FY 2013-14.
- ✿ That personnel and operations costs associated with the Sea Grant Consortium be reduced by 30% as part of the transfer, to reflect savings associated with sharing resources.
- ✿ No capital or non-recurring funds.

Provisos

- ✿ There are 14 provisos in this section; the budget proposes to amend 1, codify 2, delete 4, establish 1, and receive 1 from the Sea Grant Consortium.

PROVISO	SHORT TITLE	RECOMMENDATION
11.3	Access & Equity Programs	Delete
<i>The underlying programs have not been funded since FY 2009-10. This proviso is no longer necessary.</i>		
11.4	African-American Loan Program	Amend
<i>This proviso earmarks funds for Benedict College (\$31,376) and South Carolina State University's (\$87,924) African-American teacher education loan forgiveness programs. At times, the total funds appropriated for this program have not corresponded to the allocation amounts contained in the proviso. This budget proposes to shift from dollar-denominating each institution's allocation to establishing their shares of available funds at the current levels (26.3% and 73.7%).</i>		
11.5	GEAR-UP	Delete
<i>In July 2011, CHE applied for and received a seven-year award to continue this program. The grant's terms and conditions are more specific and binding with respect to the use of these funds than this brief, superfluous proviso.</i>		

11.8	Performance Improvement Pool Allocation	Delete
<i>This proviso was historically responsible for allocating performance-based funding; it has since been converted into a mechanism for distributing funds to a pair of special projects. The Executive Budget proposes to delete this proviso, and instead, move toward Accountability-Based Funding for South Carolina's public colleges and universities.</i>		
11.9	Troop-to-Teachers	Codify
<i>The Troop-to-Teachers program provides an alternative path to teacher certification for current and former members of the Armed Forces. Since FY 2002-03, this proviso has granted in-state tuition rates (at participating institutions) for non-resident participants. This is a substantive policy decision that belongs in permanent law.</i>		
11.11	Grants and Scholarships	Delete
<i>This proviso prohibits the use of public funds to provide tuition assistance or scholarships to illegal aliens; this prohibition was made permanent with Act 280 of 2008.</i>		
11.13	LIFE and Palmetto Fellows Enhancement Stipends	Codify
<i>This proviso obligates students to certify their continued eligibility for LIFE and Palmetto Fellows Enhancement Stipends prior to receiving awards in the fall and compels institutions to verify, subject to CHE audit. Any funds awarded to ineligible students must be returned to the state.</i>		
11.15 NEW	Publications Revenue	Transferred In
<i>This proviso authorizes the Sea Grant Consortium to treat the proceeds of the sale of its publications as Other Funds, to be used to purchase additional publications and promotional materials for public dissemination.</i>		
11.16 NEW	Inventory of State-Mandated Reporting Requirements	Establish
<i>The Executive Budget recommends the establishment of a new proviso, directing the Commission on Higher Education to work with the state's colleges and universities to prepare a report inventorying all state-mandated reporting requirements (including CHE's) imposed on South Carolina's institutions of higher education. This report would be used to help reduce institutions' compliance burdens by eliminating conflicting, redundant, or other excessive reporting requirements.</i>

STATE BOARD FOR TECHNICAL AND COMPREHENSIVE EDUCATION

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ That the pay raise allocation be distributed as requested by the agency.
- ✿ An additional \$2,500,000 for the rising instructional costs of the state's Technical College System.
- ✿ \$10,038,694 from the Capital Reserve Fund.

CAPITAL RESERVE FUND		
AMOUNT	DESCRIPTION	
\$ 7,538,694	Direct Training – readySC	
\$ 2,500,000	Equipment, Laboratories, and Maintenance – Technical Colleges	

Provisos

- ✿ There are 4 provisos in this section; the budget proposes to codify 1 and delete 1.

PROVISO	SHORT TITLE	RECOMMENDATION
25.2	Training of New & Expanding Industry Carry Forward	Codify
<i>This proviso allows funding for the ReadySC program to be carried forward. This proviso should be codified because the program's commitments are fluid but will continue to significantly exceed existing resources for the foreseeable future.</i>		
25.4	Manufacturing Training Facility	Delete
<i>This proviso controlled the allocation of \$3,500,000 for a manufacturing training facility at Central Carolina Technical College. The project has been completed, rendering the proviso obsolete.</i>

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Recommended Appropriations

- ✿ That the pay raise allocation be distributed as requested by the agency.
- ✿ A total of \$156,131,367 for the state's Medicaid program, including \$74,396,367 from the General Fund, \$61,600,000 from the Tobacco Settlement Agreement's recurring annual payment, and \$20,135,000 from recurring cigarette tax revenues.
- ✿ This funding stream ends continued reliance on nonrecurring revenues totaling \$52,299,845 in FY 2012-13, funded by natural increases in recurring cigarette tax revenues and annualization to recurring funding sources.
- ✿ \$1,800,000 from escrow funds available under the Tobacco Settlement Agreement.

Provisos

- ✿ There are 29 provisos in this section; the budget proposes to amend 3 and delete 11.

PROVISO	SHORT TITLE	RECOMMENDATION
33.2	Long Term Care Facility Reimbursement Rate	Delete
<i>This proviso directs the process for setting long term facilities' reimbursement rates by giving the option of using an inflation factor to increase rates annually. If rate increases are necessary, the Department has this authority through the Medicaid State Plan and does not need a proviso.</i>		
33.5	Medicaid State Plan	Amend
<i>This proviso directs the Department to bill other state agencies to provide the state match for Medicaid services that were formerly paid fully with state funds or were added to the Medicaid State Plan at the request of another state agency. The Executive Budget recommends that the language referring to additional services requested by another state agency be stricken and language added to provide funding for additional Medicaid services through direct General Funds.</i>		
33.7	Admin. Days/Swing Beds Reduction Prohibition	Delete
<i>This proviso prohibits the reduction in funding for Admin. Days/Swing Beds when the Department is faced with program reduction decisions. If program reductions are necessary, the Department should have fiscal and programmatic management authority over the entire Medicaid program.</i>		
33.8	Nursing Home Sanctions	Delete
<i>This proviso establishes a fund to receive proceeds from nursing home fines for health and safety violations. The fund already exists in permanent law, rendering the proviso redundant.</i>		

33.12	Medicaid Eligibility Transfer	Amend
<i>This proviso authorizes the Department to make eligibility determinations for Medicaid eligibility of applicants for the South Carolina Medicaid Program in accordance with the State Plan under Title XIX of The Social Security Act Medical Assistance Program. The proposed amendments reflect the fact that certain employees of the Department of Social Services who performed this work have now been transferred to HHS.</i>		
33.16	Long Term Care Facility Reimbursement Rates	Delete
<i>This proviso directs the Department to submit the Medicaid State Plan amendment for long-term care facility rate increases to the federal government before August 1, in any year in which funds are allocated for rate increases. The Department already submits a State Plan amendment for any rate change; the proviso should be deleted.</i>		
33.17	Upper Payment Limit for Non-state Owned Public Nursing Facilities	Delete
<i>This proviso directed the Department to submit a state plan amendment to the federal government in 2010, to provide supplemental payments to certain safety net nursing facilities. The Department proposes to delete this proviso, which is out of date, and which reduces the Department's flexibility to manage the program.</i>		
33.18	Nursing Services to High Risk/High Tech Children	Delete
<i>This proviso directs the Department to establish separate, higher pay scales for certain services to medically fragile children. The rates for these services already include calculations reflecting the skill required to perform them; the proviso needlessly raises the Medicaid program's costs.</i>		
33.19	Prior Authorization – Formulary Changes	Delete
<i>This proviso directs the Department to coordinate with managed care plans to ensure a common prior authorization form for certain mental health pharmacy products, and to establish protections for patients affected by plans' pharmacy formulary changes. The Department requests that this proviso be deleted because it duplicates existing policy.</i>		
33.25	Personal Emergency Response System	Delete
<i>This proviso allows the Department to consider the use of two-button PERS units. Because PERS units are already available to Medicaid recipients, the proviso is unnecessary.</i>		
33.26	GAPS	Amend
<i>The Executive Budget proposes to continue the suspension of the GAPS program.</i>		
33.27	Disproportionate Share – DMH	Delete
<i>This proviso directs the Department to transfer funds to the Department of Mental Health to offset federal changes to the DSH program and to minimize the future impact of the DSH changes on DMH. This proviso is no longer needed, because HHS has created a separate DSH pool for the DMH facility.</i>		

33.28 In-Home Health Care Systems for Medicaid Recipients

Delete

This proviso allows the Department to establish a pilot program utilizing an in-home health care system. The Executive Budget recommends deletion of the proviso, since the pilot has been implemented and the Department needs time to assess its potential for future use.

33.29 Medicaid Reporting

Delete

This proviso establishes an additional layer of quarterly reporting; the agency is already subject to a variety of federal change approvals and reporting requirements.

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

Recommended Appropriations

- ✿ That the pay raise allocation be distributed as requested by the agency.
- ✿ That DHEC's General Fund allocations be realigned in accordance with the agency's request, so that the appropriations lines better reflect the agency's actual use of these resources.
- ✿ An additional \$3,270,040 in General Fund support, with increases concentrated in Air and Water Quality Improvement, along with Emergency Medical Services.
- ✿ No additional funding for the Certificate of Need process.
- ✿ No capital or non-recurring funds.

Provisos

- ✿ There are 42 provisos in this section; the budget proposes to amend 2, codify 6, and delete 2.

PROVISO	SHORT TITLE	RECOMMENDATION
34.3	Camp Burnt Gin	Codify
<i>This proviso directs that contributions to Camp Burnt Gin be placed in a restricted account and carried forward to support the Camp's operations.</i>		
34.4	Children's Rehabilitative Services	Codify
<i>This proviso requires that other sources of insurance and public benefit be exhausted before the Department shall fund medical care and related services for physically disabled children.</i>		
34.8	Emergency Medical Services	Amend and codify
<i>The first four and the sixth sentences of this proviso establish the program and the allocation formula and should be codified. The remainder of the language insulates these funds from future cuts and should be stricken.</i>		
34.21	Allocation of Indirect Cost and Recoveries	Amend
<i>This proviso currently compels the Department to fund certain administrative costs by using other funds collected through the approved indirect cost rate. The Executive Budget supports the Department's request to make the use of this mechanism optional, rather than mandatory.</i>		
34.28	Meals in Emergency Operations	Codify
<i>Several agencies currently have provisos enabling them to cover the costs of employees' meals whenever they are not permitted to leave their stations and are required to work during actual emergencies, emergency situation exercises, and when the Governor declares a state of emergency. The Executive Budget proposes to codify this provision wherever it appears, out of respect to the State's first responders.</i>		

34.33	Pharmacist Services	Codify
<i>This proviso suspends more stringent language and allows the Department to designate one pharmacist-in-charge to serve more than one facility. The Executive Budget supports the Department's request to codify these changes.</i>		
34.34	Coastal Zone Appellate Panel	Codify
<i>This proviso suspends the Panel's operations; the Executive Budget calls for the permanent repeal of the Panel's enabling legislation at SC Code §48-39-40.</i>		
34.36	Camp Burnt Gin	Delete
<i>This proviso insulates Camp Burnt Gin from cuts in the event that the Department must absorb further reductions.</i>		
34.37	Metabolic Screening	Codify
<i>This proviso authorizes the Department to disregard certain statutory requirements to store neonatal blood samples in the event that these activities are not sufficiently funded.</i>		
34.41	Vital Records	Delete
<i>This proviso compels the Department to provide vital records services in all 46 county health departments. The Department has been transitioning towards a regional approach to providing these services, many of which are also available online. The Executive Budget supports the Department's request to delete this proviso because the Department cannot afford to fund both county and regional offices for this program.</i>

DEPARTMENT OF MENTAL HEALTH

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ That the pay raise allocation be distributed as requested by the agency.
- ✿ An additional \$11,362,653 in the General Fund to maintain services for existing clients and prevent the rising costs of the Sexually Violent Predator Program from crowding-out support for other clients. The proposed allocation would also enable the Department to continue its innovative telepsychiatry program with the Duke Endowment and other partners.
- ✿ \$3,056,391 from the Capital Reserve Fund.

CAPITAL RESERVE FUND		
AMOUNT	DESCRIPTION	
\$ 1,000,000	Deferred Maintenance – Inpatient and Support Buildings	
\$ 1,000,000	Automated Medication Dispensing Equipment	
\$ 556,391	Vehicle Replacement – Patient-Related Services	
\$ 500,000	Deferred Maintenance – Community Buildings	

Provisos

- ✿ There are 13 provisos in this section; the budget proposes to codify 4 and delete 3.

PROVISO	SHORT TITLE	RECOMMENDATION
35.3	Institution Generated Funds	Codify
<i>This proviso authorizes the Department to retain institution-generated funds and expend them as budgeted.</i>		
35.4	Practice Plan	Codify
<i>This proviso authorizes DMH employees affiliated with the USC School of Medicine to participate in the School's Practice Plan outside of normal working hours.</i>		
35.7	Crisis Stabilization	Delete
<i>This proviso compels the Department to spend at least \$2,000,000 on crisis stabilization services. In the past three years, the Department has never devoted less than \$4,000,000 to these activities, rendering this proviso unnecessary.</i>		
35.10	Uncompensated Patient Medical Care	Codify
<i>This proviso serves as enabling legislation for the Uncompensated Patient Care Fund and allows for balances to be carried forward. This fund's permanence makes codification appropriate.</i>		

35.11	Meals in Emergency Operations	Codify
<i>Several agencies currently have provisos enabling them to cover the costs of employees' meals whenever they are not permitted to leave their stations and are required to work during actual emergencies, emergency situation exercises, and when the Governor declares a state of emergency. The Executive Budget proposes to codify this provision wherever it appears out of respect to the State's first responders.</i>		
35.12	Medicaid Beneficiary Choice	Delete
<i>This proviso directs the Department to allow Medicaid beneficiaries to receive medically necessary community-based paraprofessional rehabilitative services from any provider that was enrolled by the Department of Health and Human Services by July 1, 2011. The state matching funds to which this proviso previously applied have since been transferred to HHS, along with responsibility for administering this program. Therefore, the proviso no longer has any effect.</i>		
35.13	Sexually Violent Predator Program	Delete
<i>This proviso directs the Department to prepare a report jointly with the Department of Corrections on potentially transferring and/or privatizing this program. The final report is due May 1, 2013, rendering the proviso obsolete.</i>

DEPARTMENT OF DISABILITIES AND SPECIAL NEEDS

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ That the pay raise allocation be distributed as requested by the agency:
 - \$2,930,238 for the Intellectual Disability Community Residential Program,
 - \$1,388,061 for the Regional Center Residential Program, and
 - \$134,910 for Administration.
- ✿ A \$4,969,762 net increase in General Fund support for DDSN, consisting of:
 - \$3,200,000 for the Intellectual Disabilities and Family Support Program, of which \$2,200,000 would be allocated for In-Home Family Supports, and \$1,000,000 would be directed towards Adult Development and Supported Employment. These funds would address federal reimbursement issues, protect services for existing clients, and enable the agency to continue to serve clients in the least-restrictive environment available.
 - \$1,769,762 for the Intellectual Disability Community Residential Program (in excess of the pay raise allocation), including \$469,762 for services, \$700,000 to address changes in federal reimbursement policies, and \$600,000 to implement the nationally-recognized Supports Intensity Scale to ensure that clients' needs are accurately and equitably assessed.
- ✿ No capital or non-recurring funds.

Provisos

- ✿ There are 13 provisos in this section; the budget proposes to amend 1 and codify 1.

PROVISO	SHORT TITLE	RECOMMENDATION
36.1	Work Activity Programs	Codify
<i>This proviso authorizes the Department to retain and carry forward funds derived from production contracts associated with trainees' efforts through the Work Activity Program provided that those resources be applied to the program's operating expenses or permanent improvements.</i>		
36.10	Child Daycare Centers	Amend
<i>This proviso directs the Department to provide reimbursements for certain services provided at daycare centers; it was amended in FY 2012-13 to include a \$100,000 earmark for the Anderson County Disabilities Board. The Executive Budget proposes to strike this earmark and revert to the prior language.</i>

Provisos

- ✿ There are 23 provisos in this section; the budget proposes to codify 4 and delete 1.

PROVISO	SHORT TITLE	RECOMMENDATION
38.5	Court Examiner Service Exemption	Codify
<i>This proviso prohibits DSS employees fully or partially paid with federal funds from serving as court examiners, which could potentially jeopardize the state's ability to draw federal dollars for their efforts. Federal policies in this arena are unlikely to change for the foreseeable future; therefore, the proviso should be codified.</i>		
38.6	TANF Advance Funds	Codify
<i>This proviso authorizes the Department to use General Funds to advance payments to TANF recipients so that benefits are not interrupted while waiting for Federal Funds to materialize. This permits the Department to manage its cash flow in a manner that protects the beneficiaries of this program and should be codified.</i>		
38.9	TANF – Immunizations Certificates	Codify
<i>This proviso directs DSS to obtain proof that the children of TANF applicants and recipients have received age-appropriate immunizations. This language is important to promoting child welfare and should be incorporated into permanent law.</i>		
38.21	Meals in Emergency Operations	Codify
<i>Several agencies currently have provisos enabling them to cover the costs of employees' meals whenever they are not "permitted to leave their stations and are required to work during actual emergencies, emergency situation exercises, and when the Governor declares a state of emergency." The Executive Budget proposes to codify this provision wherever it appears out of respect to the State's first responders.</i>		

38.23 Analysis of Referrals

Delete

This proviso directs DSS to complete a report, in conjunction with the Superintendent of the John de la Howe School, which was due on December 1, 2012. The proviso is obsolete.

DEPARTMENT OF PARKS, RECREATION AND TOURISM

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ That the pay raise allocation be distributed as requested by the agency.
- ✿ An additional \$1,500,000 for Advertising, two-thirds of which would be financed through offsetting reductions to comparable programs.
- ✿ An increase of \$500,000 for Product Services and Development to market South Carolina's state parks.
- ✿ Placing General Fund support for Motion Picture Incentives on a dedicated \$5,000,000 appropriation line, requiring this program to compete against other incentive programs for funding each year. This new approach would improve transparency.
- ✿ \$1,800,000 from the Capital Reserve Fund.

CAPITAL RESERVE FUND		
AMOUNT	DESCRIPTION	
\$ 800,000	Electrical Infrastructure Improvements – Lake Greenwood State Park Campground	
\$ 300,000	State Park Sewer Repairs – Santee	
\$ 250,000	State Park Sewer Repairs – Table Rock	
\$ 250,000	Bridge Replacement – Kings Mountain State Park	
\$ 200,000	State Park Asbestos Abatement and Mold Removal – Phase I	

Provisos

- ✿ There are 12 provisos in this section; the budget proposes to amend 1, codify 2, and delete 2.

PROVISO	SHORT TITLE	RECOMMENDATION
49.4	Regional Tourism	Delete
<i>The proviso prohibits the Department from reducing allocations to Regional Tourism groups in the event that the Department receives a reduction in General Fund support. The payments to these groups are no more important than many of the Department's other activities; there is no reason to place more risk on the Department's other programs by subjecting them to the possibility of disproportionate cuts at some point in the future.</i>		
49.7	Gift Shops	Codify
<i>The proviso allows the Statehouse Gift Shop to close on weekends and should be codified.</i>		

49.9	Destination Specific Tourism and Marketing Transfer	Amend
<i>The amended proviso would allow prior year unexpended funds from the Motion Picture Incentive Wage Rebate program to be carried forward exclusively for that program's use. Funds carried forward from the Motion Picture Supplier Incentive Rebate would be transferred to the Department of Parks, Recreation and Tourism for the Marketing program, as in the past.</i>		
49.10	Funds Exempt from Budget Cut	Delete
<i>The proviso excludes a broad range of pass-throughs and special items from the Department's base budget when across-the-board cuts are imposed. The proviso should be deleted because it inappropriately subjects the Department's other programs to the risk of receiving disproportionate cuts at some point in the future.</i>		
49.12	Admission Fees and Charges	Codify
<i>The proviso authorizes the Department to charge fees for the use of its facilities, provided that those funds be applied towards parks and recreational uses.</i>

- ✿ No additional increases from FY 2012-13 levels of operating support.
- ✿ \$7,000,000 from various non-recurring sources for the Deal Closing Fund to augment \$8,000,000 in recurring support.

Provisos

- ✿ There are 19 provisos in this section; the budget proposes to amend 1, codify 1, and delete 4.

PROVISO	SHORT TITLE	RECOMMENDATION
50.4	Export Trade Show Funds	Codify
<i>South Carolina businesses occasionally provide the Department with funds to offset costs associated with participation in future trade shows. The proviso allows those resources to be carried forward.</i>		
50.10	Closing Fund	Amend
<i>The proviso allows \$5 million of Closing Fund appropriations to be carried forward; the budget proposes to delete the reference to a specific dollar amount.</i>		
50.11	Community Development Corporation Carry Forward	Delete
<i>The proviso allows Community Development Corporation Initiative funds to be carried forward; these funds have now been expended, rendering the proviso obsolete.</i>		
50.14	Civil Air Patrol Transfer	Delete
<i>The proviso redirects \$50,000 from the Department of Commerce to the Adjutant General's Office for the Civil Air Patrol. The Executive Budget supports the Department's request to delete this proviso as there is no meaningful nexus to the agency's operations.</i>		

50.15 Regional Economic Development Organizations Carry Forward

Delete

The proviso allows funds transferred to the Department for Regional Economic Development Organizations pursuant to Act 23 of 2009, to be carried forward and used for the original purposes. Those funds have since been expended, rendering this proviso obsolete.

50.16 Savannah Valley Development Division

Delete

This proviso authorizes the agency to transfer the assets and obligations of its Savannah Valley Development Division to state and local authorities; the transfer has already occurred.

RURAL INFRASTRUCTURE AUTHORITY

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ No additional increases from FY 2012-13 levels of operating support. The apparent increase in General Funds is a transfer from the Budget and Control Board, where these functions were previously housed; an offsetting reduction appears in that agency.
- ✿ No capital or non-recurring funds.

Provisos

- ✿ There are no provisos in this section; the budget proposes to establish 1.

DEPARTMENT OF PUBLIC SAFETY

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✱ That the pay raise allocation be distributed as requested by the agency.
- ✱ An additional \$805,140 for 18 new Highway Patrol officers.
- ✱ A total of \$1,253,000 (\$593,000 recurring and \$660,000 non-recurring) to provide in-car wireless access in Highway Patrol vehicles. This capability would improve both efficiency – by allowing reports to be submitted from the road – and officer safety, by making it easier for officers to receive critical information from their dispatchers in real-time.
- ✱ An additional \$650,000 for trooper reclassification.
- ✱ \$1,460,000 from the Capital Reserve Fund.

CAPITAL RESERVE FUND		
AMOUNT	DESCRIPTION	
\$ 660,000	Mobile Data Capability for Highway Patrol Vehicles	
\$ 500,000	Vehicle Replacement – Highway Patrol	
\$ 300,000	Roof Repair and Maintenance – Highway Patrol County and District Offices	

Provisos

- ✱ There are 7 provisos in this section; the budget proposes to delete 2.

PROVISO	SHORT TITLE	RECOMMENDATION
63.1	Special Events Traffic Control	Delete
<i>The proviso prohibits the Highway Patrol from charging a fee for providing traffic control for special events, without the General Assembly's approval. The Highway Patrol estimates that these services currently cost the Department \$568,404 per year in increased overtime and other personnel costs, which is essentially a state subsidy for those events. In 2011, the City of Columbia began to receive reimbursement from the University of South Carolina for providing traffic control; elimination of this proviso would permit the state to begin to receive reimbursement for comparable work.</i>		
63.7	Retention of DMV Cash Transfer	Delete
<i>This proviso allows the Department to retain, expend, and carry forward funds transferred from the Department of Motor Vehicles pursuant to a 2009 law. Those funds have been fully expended, rendering this proviso obsolete.</i>

DEPARTMENT OF INSURANCE

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ That the pay raise allocation be distributed as requested by the agency.
- ✿ No additional increases from FY 2012-13 levels of operating support.
- ✿ No capital or non-recurring funds.

Provisos

- ✿ There are 3 provisos in this section; the budget proposes to amend 1.

PROVISO	SHORT TITLE	RECOMMENDATION
78.2	Reimbursement Carry Forward	Amend
<p><i>This proviso primarily exists to allow the Department to retain and carry forward certain reimbursements, but also contains language authorizing the Department to use those resources to pay the General Assembly's dues to the National Council of Insurance Legislators. The Executive Budget proposes to strike this latter provision because membership in this organization is not essential to the Department's operations and because the appropriate means for funding these dues would be through the legislature's own appropriations.</i></p>

DEPARTMENT OF EMPLOYMENT AND WORKFORCE

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✦ That the pay raise allocation be distributed as requested by the agency.
- ✦ No capital or non-recurring funds.

- ✦ There are 7 provisos in this section, the budget proposes to amend 1 and delete 1.

PROVISO	SHORT TITLE	RECOMMENDATION
83.5	Transparency of Funding Appropriation	Amend
<i>This proviso imposes reporting requirements on the Department that relate to its unemployment insurance program. This language largely duplicates the existing reporting requirements that appear at SC Code 41-33-45; the Executive Budget proposes to conform this amendment to that permanent law.</i>		
83.7	Negotiation of Interest	Delete
<i>This proviso directed the Department, by October 1, 2012, to develop and implement a plan to seek a waiver of interest on the state's outstanding obligations to the federal government. This language is obsolete.</i>

DEPARTMENT OF TRANSPORTATION

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ That the Department of Agriculture and the Department of Natural Resources receive General Fund support for the petroleum product inspection program and the Water Resources Fund, to return \$4,292,000 of fuel taxes to the Department of Transportation for infrastructure investment.
- ✿ That any additional General Fund revenues certified by the BEA after the November 2012 estimate be dedicated to transportation infrastructure, after paying to eliminate the 6% individual income tax bracket.
- ✿ \$14,437,000 from the Capital Reserve Fund, of which \$10,000,000 would be allocated to transportation projects to be selected based upon Act 114's criteria.

CAPITAL RESERVE FUND	
AMOUNT	DESCRIPTION
\$ 10,000,000	Projects – Act 114
\$ 1,750,000	Traffic Management/Richland Electrical Building Construction
\$ 627,000	Upstate Salt Storage Facility Construction
\$ 260,000	Cherokee Salt Shed Construction
\$ 1,400,000	Lexington County Maintenance Complex Land Acquisition
\$ 200,000	Lexington County Maintenance Complex Land Construction

Provisos

- ✿ There are 9 provisos relating to the Department of Transportation and its affiliated programs; the budget proposes to codify 5 and establish 1.

PROVISO	SHORT TITLE	RECOMMENDATION
84.1	Expenditure Authority Limitation	Codify
<i>This proviso allows the Department to carry balances forward, but also sets a ceiling on the agency's annual expenditures.</i>		
84.2	Special Fund Authorization	Codify
<i>This proviso authorizes the Department to, in association with the State Treasurer, establish special funds when "advisable for proper accounting purposes."</i>		

84.5	Document Fees	Codify
<i>This proviso authorizes the Department to establish a fee schedule for providing documents, with the fees to be based upon the actual cost of providing those materials. This authorization should be made permanent.</i>		
84.6	Meals in Emergency Operations	Codify
<i>Several agencies currently have provisos enabling them to cover the costs of employees' meals whenever they are not permitted to leave their stations and are required to work during actual emergencies, emergency situation exercises, and when the Governor declares a state of emergency. The Executive Budget proposes to codify this provision wherever it appears out of respect to the state's first responders.</i>		
84.7	Rest Area Water Rates	Codify
<i>The proviso gives the Department's rest areas access to in-district water and sewer rates wherever that privilege has not already been granted.</i>		
84.10 NEW	Load-Restricted Bridges	Establish
<i>The proviso would direct the Department to use the \$4,292,000 in fuel taxes made available through the exchanges with the Department of Agriculture and the Department of Natural Resources. These funds would be used to replace or repair load-restricted bridges.</i>

-  That the pay raise allocation be distributed as requested by the agency.
-  An additional \$1,500,000 to pay for representation of volunteer Guardians ad Litem; recent judicial decisions and orders have prohibited Family Courts from appointing attorneys to serve in this capacity.
-  No capital or non-recurring funds.

Provisos

-  There are 17 provisos relating to the Governor's Office; the budget proposes to amend 1 proviso specifically applying to the Office of Executive Policy and Programs, and codify 2 others.

PROVISO	SHORT TITLE	RECOMMENDATION
92.1	Grant Funds Carry Forward	Codify
<i>The proviso allows OEPP to carry forward state matching funds, provided that they be used for the originally intended matching purpose.</i>		
92.6	Victim/Witness Program Formula Distribution	Amend
<i>The proviso controls the allocation of the South Carolina Victims' Compensation Fund. The Executive Budget supports OEPP's proposed amendments, which would reinstate reporting requirements for solicitors receiving these funds.</i>		
92.11	Continuum of Care Carry Forward	Codify
<i>This proviso allows the Continuum of Care program to carry balances forward, in order to provide continuity of service.</i>

Provisos

- ✿ There are 15 provisos in this section; the budget proposes to codify 6.

PROVISO	SHORT TITLE	RECOMMENDATION
99.1	Unit Maintenance Funds	Codify
<i>This proviso permits the Adjutant General to allocate unit maintenance funds to the various National Guard units.</i>		
99.2	Revenue Collections	Codify
<i>This proviso allows National Guard units to retain and expend revenues for budgeted purposes, from sources such as county and city appropriations, vending machines, rental of armories, court martial fines, and federal reimbursements to armories for utility expenses. These funds are also eligible to be used as state match for federal funds.</i>		
99.3	Rental Fee for Election Purposes	Codify
<i>This proviso enables armories to recover custodial and electrical costs when their facilities are used as polling locations.</i>		

99.5 Armory Rental Program

Codify

This proviso authorizes the Adjutant General's Office to develop a uniform program for renting state armories with any proceeds to be retained and expended for the maintenance and operations of those facilities.

99.6 Meals in Emergency Operations Centers

Codify

Several agencies currently have provisos enabling them to cover the costs of employees' meals whenever they are not permitted to leave their stations and are required to work during actual emergencies, emergency situation exercises, and when the Governor declares a state of emergency. The Executive Budget proposes to codify this provision wherever it appears out of respect to the state's first responders.

99.14 Emergency Commodities

Codify

This proviso allows the Adjutant General's Office to receive compensation (not to exceed replacement cost) from neighboring states, counties, municipalities and other state agencies, for water supplies and meals ready-to-eat (MREs) housed in the state's Logistics Center. Any proceeds would be exclusively directed towards the replacement of these emergency commodities.

ELECTION COMMISSION

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ That the pay raise allocation be distributed as requested by the agency.
- ✿ No capital or non-recurring funds.

Provisos

- ✿ There are 12 provisos in this section; the budget proposes to amend and codify 4.

PROVISO	SHORT TITLE	RECOMMENDATION
100.5	Budget Reduction Exemption	Amend and codify
<i>The Executive Budget supports the Election Commission's request to amend this proviso to clarify that funds appropriated for election expenses be exempt from across-the-board budget cuts regardless of whether the funds be recurring or non-recurring.</i>		
100.6	Primary and General Election Carry Forward	Amend and codify
<i>The proviso allows the agency to carry forward and use any remaining funds to be used for subsequent primary and general elections. Last year, the Commission requested that the last sentence of the proviso be deleted; the Executive Budget continues to support that position. The amended proviso should be codified to help provide continuous funding for election operations.</i>		
100.7	Training and Certification Program	Amend and codify
<i>This proviso primarily relates to the Commission's training of county election officials, but contains language directing the Commission to retain certain funds until this training is completed. This provision conflicts with current practice and also the fact that the Commission has no carry-forward authority for these funds.</i>		
100.8	Penalty for Late Submission of Reimbursable Expenses	Amend and codify
<i>This proviso currently authorizes the Commission to assess a financial penalty on counties that submit their reimbursable election-related expenses more than 30 days after an election. The Commission's proposed amendment would also allow for a penalty to be assessed if a county submitted a reimbursement request through a mechanism other than that Voter Registration and Electronic Management System.</i>

BUDGET AND CONTROL BOARD

Recommended Appropriations

The Governor's FY 2013-14 Executive Budget recommends:

- ✿ That the pay raise allocation be distributed as requested by the agency.
- ✿ A net reduction of \$1,225,000, to reflect the transfer of staff and responsibilities from the Budget and Control Board to both the Public Employee Benefit Authority and the Rural Infrastructure Authority.
- ✿ That \$3,000,000 in non-recurring funds be set aside for improvements to IT security.

\$47M NON-RECURRING FUNDS – CERTIFIED BY BEA, NOVEMBER 2012		
AMOUNT	DESCRIPTION	
\$ 3,000,000	IT Security – Consulting and Equipment	

Provisos

- ✿ There are 28 provisos in this section; the budget proposes to amend 4, codify 4, and delete 2.

PROVISO	SHORT TITLE	RECOMMENDATION
101.3	State House Operation & Maintenance Account	Codify
<i>This proviso requires that funds appropriated for the operations and maintenance of the Statehouse be maintained in a separate account, as has been the case for more than a decade.</i>		
101.5	Compensation - Reporting of Supplemental Salaries	Amend
<i>This proviso prohibits salary supplements without the prior approval of agency heads or their designees, and directs the Human Resources Division to establish policies and procedures for the associated reporting requirements.</i>		
101.6	Compensation Increase - Appropriated Funds Ratio	Codify
<i>The proviso restricts the percentage of a pay increase an employee may receive from appropriated funds to the same percentage as the employee's base salary is paid from appropriated funds.</i>		
101.7	Vacant Positions	Amend
<i>The proviso states that positions vacant for 12 months or longer may be deleted by the Budget and Control Board. Agencies routinely circumvent this process by laterally transferring employees into vacant positions in order to "reset the clock." Ultimately, this process offers no real benefit for the taxpayers, since vacant positions have no fiscal impact; truly controlling the cost and size of government means managing dollars, not empty boxes on organization charts. To relieve them of the administrative burden of complying with this process, the Executive Budget proposes to amend this proviso to exempt the state's institutions of higher learning from it.</i>		

101.13	Military Service	Codify
<i>This proviso permits permanent full-time state employees serving on active duty as a result of an emergency or Presidentially-declared conflict to use accumulated leave as annual leave, in excess of the typical limits.</i>		
101.14	Antenna and Tower Placement	Codify
<i>This proviso directs that antennas and towers only be placed on higher education campuses in conformity with those institutions' master plans. It has been in effect since FY 2003-04.</i>		
101.16	Election File Merge	Amend
<i>This proviso, as amended, would release the Election Commission and the Research and Statistics Division of the obligation to merge voter registration files with address lists and district boundary records for districts in which no elections are scheduled.</i>		
101.17	Base Closure Carry Forward	Amend
<i>The Executive Budget supports the Budget and Control Board's request to lift the \$300,000 cap on balances carried forward to support the Military Base Task Force's operations.</i>		
101.20	SEC Legal Expenses	Delete
<i>This proviso directs the Executive Director of the Budget and Control Board to reimburse the State Ethics Commission for its litigation expenses in certain cases that have since been resolved; the proviso is no longer necessary.</i>		
101.26	Rural Infrastructure	Delete
<i>This proviso transferred various funds from the Office of Local Government to the Rural Infrastructure Authority and is no longer necessary.</i>

GENERAL PROVISIONS

Provisos

-  There are 113 General Provision provisos; the budget proposes to amend 10, codify 11, delete 7, and establish 1.

PROVISO	SHORT TITLE	RECOMMENDATION
117.6	Case Service Billing Payments Prior Year	Codify
<i>This proviso allows agencies receiving case services funds to pay against prior year billings with current year funds, even if the prior year's books have been closed.</i>		
117.13	SC Health & Human Services Data Warehouse	Amend
<i>The Executive Budget supports the Budget and Control Board's request to revise this proviso to update references to the Research and Statistics Division.</i>		
117.15	Personal Service Reconciliation, FTEs	Amend
<i>This proviso defines the process through which FTEs are managed by the Budget and Control Board. Ultimately, this process offers no real benefit for the taxpayers, since vacant positions have no fiscal impact; truly controlling the cost and size of government means managing dollars, not FTEs. To relieve them of the administrative burden of complying with this process, the Executive Budget proposes to amend this proviso to exempt the state's institutions of higher learning from it.</i>		
117.16	Allowance for Residences & Compensation Restrictions	Amend
<i>The Department of Natural Resources has requested a technical, expenditure-neutral amendment to this proviso, to update certain references to Lake Superintendent and fish hatchery positions.</i>		
117.17	Universities & Colleges - Allowance for Presidents	Codify
<i>This proviso prohibits the payment of fixed allowances for the personal expenses of various university presidents.</i>		
117.18	Replacement of Personal Property	Amend and codify
<i>This proviso authorizes certain criminal justice and direct care agencies to replace employees' personal items damaged or destroyed by clients. The Executive Budget proposes to codify this proviso, as amended by the Department of Corrections' proposed revisions.</i>		
117.33	State DNA Database	Codify
<i>This proviso directs criminal justice agencies collecting funds to process DNA samples to transfer those funds to SLED to offset the costs of the DNA Database program.</i>		

117.34	Innovative Transportation	Delete
<i>This proviso permits the Transportation Infrastructure Bank and the Railroad Commission to make grants for developing technologies “such as light rail, mono-rail, or mono-beam.” Any transportation funds that can be made available should be dedicated to more pressing maintenance and construction needs.</i>		
117.36	Voluntary Separation Incentive Program	Amend
<i>The Executive Budget supports the Budget and Control Board’s request to revise this proviso to update references to the Human Resources Division.</i>		
117.43	COG Annual Report	Codify
<i>This proviso requires annual reporting by Councils of Government on their uses of state funds.</i>		
117.48	DMV Data	Codify
<i>This proviso directs the Department of Motor Vehicles to provide the Department of Transportation with access to certain reports, free of charge.</i>		
117.51	Tobacco Funds	Delete
<i>This proviso permits the Tobacco Settlement Revenue Management Authority to refund bonds and take other actions that are no longer relevant, since the existing bonds will be paid off during the current fiscal year. This proviso is no longer required.</i>		
117.53	Insurance Claims	Codify
<i>This proviso authorizes agencies receiving insurance claims to retain, expend, and carry forward the proceeds, provided that the funds are used to offset claim-related expenses.</i>		
117.54	Organizational Charts	Amend
<i>The Executive Budget supports the Budget and Control Board’s request to revise this proviso to update references to the Human Resources Division.</i>		
117.55	Agencies Affected by Restructuring	Amend
<i>The Executive Budget supports the Budget and Control Board’s request to revise this proviso to update references to the State Budget Division.</i>		
117.69	CID & PCC Agency Head Salaries	Codify
<i>This proviso applies Agency Head Salary Commission procedures to the Commission on Indigent Defense and the Prosecution Coordination Commission.</i>

117.78	Reduction in Force/Agency Head Furlough	Delete

117.79	Printed Report Requirements	Codify
<i>The proviso allows a number of agencies to submit reports electronically, instead of in paper, as required by permanent law.</i>		
117.87	Broadband Spectrum Lease	Amend
<i>This proviso allocates the proceeds of the Broadband Spectrum Lease to the Educational Television Commission; in Fiscal Year 2012-13, there were vendor performance issues that had an adverse revenue impact on the Commission. The proposed amendment permits the Commission to use any funds supplied by the General Assembly in the event that the current leaseholder defaults.</i>		
117.88	Reduction in Compensation	Codify
<i>This proviso prevents punitive action against an employee, solely for his or her sworn testimony before a legislative committee.</i>		
117.97	Funds Transfer to ETV	Amend
<i>This proviso controls the transfer of funds to the Educational Television Commission for a range of services provided to other agencies. At the request of the Commission, the Budget and Control Board, and the Law Enforcement Training Council, the Executive Budget proposes to reassign responsibilities related to emergency communications infrastructure.</i>		
117.99	Means Test	Delete
<i>This proviso directs agencies providing healthcare services to file reports on the opportunities to apply means testing by January 1, 2012.</i>		
117.100	Agency Reduction Management	Delete
<i>This proviso identifies general priorities for agencies to consider whenever assessed a base reduction.</i>		
117.101	WIA Meeting Requirements	Codify
<i>This proviso subjects Workforce Investment Board meetings to the Freedom of Information Act's notification requirements.</i>		
117.107	Retirement Investment Commission	Amend
<i>This proviso required that the Commission submit a plan for awarding bonuses in calendar year 2014 to the legislative subcommittees on retirement reform, which would both need to approve that plan before it could be implemented. The Executive Budget proposes to require that a similar plan be filed for calendar year 2015 with the Governor and the Chairmen of the House Ways and Means and Senate Finance Committees, but that the plan would not require their consent in order to take effect.</i>		

117.109	Law Enforcement Special Salary Increase	Delete
<i>This proviso provided an additional two-percent salary increase for certain law enforcement officers, effective July 2012.</i>		
117.112	School Transportation Decentralization Study Committee	Delete
<i>This proviso commissioned a report that will be due January 1, 2013, after which the Committee will be dissolved.</i>		
117.114 NEW	In-Kind Match	Establish
<i>This proviso directs agencies to use in-kind match in order to draw federal funds, whenever possible. State funds should be used for this purpose only when necessary.</i>

Dear Governor Haley:

This letter is in response to a request by your staff regarding the revenue impact of amending §12-28-2730(A) to mandate that beginning July 1, 2013, the Water Resources Fund administered by the Department of Natural Resources will no longer receive a direct allocation of one percent of the thirteen cents gasoline user fee. The amendment further states that the fund will receive appropriations from the General Fund beginning in FY 2013-14. This proposed amendment would have no effect on total motor fuel tax revenue. Based on historical allocations and expected growth in motor fuel tax revenue, we estimate that revenue allocated to the Department of Natural Resources for the Water Resources Fund would decrease by \$3,400,000 in FY 2013-14.

The proposed budget proviso accompanying this statute change would allocate in FY 2013-14 one percent of the thirteen cents gasoline user fee to the Department of Transportation. The proposed proviso language would increase Department of Transportation other funds by the same \$3,400,000 in FY 2013-14.

The proposed statutory amendment and budget proviso we based our revenue impact on is attached.

If I may be of further assistance, please advise.

Sincerely,

Frank A. Rainwater

Shift funding source for the Water Resources Fund from 1% of the first \$0.13/gallon to a dedicated line in the General Fund.

- Amend §12-28-2730(A):
 - (A) There is established a special fund, to be known as the Water Resources Fund, which shall be administered by the Department of Natural Resources. Until June 30, 2013, one One percent of the proceeds from thirteen cents of the gasoline user fee imposed pursuant to this chapter must be transmitted to the Department of Natural Resources for a special water recreational resources fund of the State. Beginning July 1, 2013, this fund shall receive appropriations from the General Fund. All balances in the fund must be carried forward annually so that no part of it reverts to any other fund.
 - This amendment shall take effect July 1, 2013.
- This revision would make \$3.4M of fuel tax receipts available for reallocation to other transportation needs.
- A new GF appropriation within DNR would need to be established at that level or slightly lower.
- This change could be accompanied by a proviso to reallocate those funds:
 - In the current fiscal year, one percent of the proceeds from thirteen cents of the gasoline user fee imposed pursuant to Chapter 28, Title 12 shall be used by the Department of Transportation to replace or repair load-restricted bridges.

Dear Governor Haley:

This letter is in response to a request by your staff regarding the revenue impact of amending §12-28-2355(A) to mandate that beginning July 1, 2013, the one-fourth cent per gallon petroleum product inspection fee will be deposited into the Department of Transportation State Non-Federal Aid Highway Fund. This amendment would also delete §12-28-2355(C) which allocates ten percent of the one-fourth cent per gallon petroleum inspection fee to Department of Agriculture for use as provided in §39-41-70. This proposed amendment would have no effect on total motor fuel tax revenue. Based on historical allocations and expected growth in motor fuel tax revenue, we estimate that revenue allocated to the Department of Agriculture would decrease by \$892,000 in FY 2013-14.

The proposed budget proviso accompanying this statute change would allocate in FY 2013-14 ten percent of one-fourth cent per gallon petroleum inspection fee to the Department of Transportation. The proposed proviso language would increase Department of Transportation other funds by the same \$892,000 in FY 2013-14.

The proposed statutory amendment and budget proviso we based our revenue impact on is attached.

If I may be of further assistance, please advise.

Shift funding source for the Department of Agriculture's petroleum product inspections from 10% of \$0.0025/gallon to a dedicated line in the General Fund.

- Amend §12-28-2355:
 - (A) For the purpose of providing funds for inspecting, testing, and analyzing petroleum products and for general state purposes, there must be paid to the state, for deposit into the Department of Transportation State Non-Federal Aid Highway Fund, department a charge of one-fourth cent a gallon, which liability arises at the same time and is payable by the same person as the motor fuel user fee imposed under this chapter as if the petroleum product were motor fuel subject to the user fee under this chapter. Upon approval of the department, a surety bond is acceptable as monthly prepayments pending monthly reports and payments. Determination of acceptable bonding must be based on distribution, location of terminal facilities, and handling through other bonded suppliers.
 - The argument is that the state would still be collecting the charge in order to fund those services...but the charge would be credited to transportation uses, while the Department of Agriculture would get a comparable appropriation from the General Fund instead.
 - This amendment shall take effect July 1, 2013.
- Delete §12-28-2355(C).
- This revision would make \$892k of fuel tax receipts available for reallocation to other transportation needs.
- A new GF appropriation within the Department of Agriculture would need to be established at that level.
- This change could be accompanied by a proviso to reallocate those funds:
 - In the current fiscal year, the Department of Transportation shall use an amount equivalent to ten percent of the charge of the one-fourth cent per gallon assessed pursuant to SC Code 12-25-2355(A) to replace or repair load-restricted bridges.

Dear Governor Haley:

This letter is in response to a request by your staff regarding the revenue impact of amending §12-62-50(A)(1) to mandate that the wage rebate to motion picture production companies from income tax withholdings may not exceed the amounts provided for in the annual appropriations act. Currently, the wage rebates are limited to \$10,000,000 annually from the state's General Fund. In recent years, annual Appropriation Act provisos have allocated the unused portion of the \$10,000,000 wage rebate limitation to the Department of Parks, Recreation and Tourism for the Destination Specific Tourism Program. The General Fund income tax revenue impact of this amendment will depend on if the amount appropriated in the annual Appropriation Act differs from the current \$10,000,000 limitation.

The proposed budget proviso accompanying this statute change would allow the Department of Parks, Recreation and Tourism to carry forward unexpended funds from the wage rebate program and expend these funds for wage rebates in the future.

The proposed statutory amendment and budget proviso we based our revenue impact on is attached.

If I may be of further assistance, please advise.

Sincerely,

Amend 12-62-50

A)(1) The South Carolina Film Commission may rebate to a motion picture production company a portion of the South Carolina payroll of the employment of persons subject to South Carolina income tax withholdings in connection with production of a motion picture. The rebate may not exceed fifteen percent of the total aggregate South Carolina payroll for persons subject to South Carolina income tax withholdings employed in connection with the production when total production costs in South Carolina equal or exceed one million dollars during the taxable year. The rebates in total may not ~~annually exceed ten million dollars and shall come from the state's general fund~~ **the amounts provided for in the annual appropriations act. Unexpended funds appropriated for the motion picture incentive wage rebate may be carried forward into subsequent fiscal years and expended for the same purpose.** For purposes of this section, "total aggregate payroll" does not include the salary of an employee whose salary is equal to or greater than one million dollars for each motion picture.

Amend proviso 39.9 to read

39.9. (PRT: Destination Specific Tourism and Marketing Transfer) ~~From the funds set aside pursuant to the Motion Picture Incentive Wage Rebate, for Fiscal Year 2012-13~~ **For the current fiscal year,** unexpended funds **allocated for the Motion Picture Incentive Wage Rebate program may be** carried forward from the prior fiscal year ~~shall be transferred from the Department of Revenue to the Department of Parks, Recreation and Tourism and utilized for the Destination Specific Tourism Program~~ **and expended for the same purpose.** From the funds set aside pursuant to the Motion Picture Incentive Supplier Rebate, for Fiscal Year 2012-13 unexpended funds carried forward from the prior fiscal year shall be transferred from the Department of Revenue to the Department of Parks, Recreation and Tourism and utilized for Marketing. This letter is in response to a request by your staff regarding the revenue impact of a proposed Appropriations Act proviso that states, "Notwithstanding any other provision of law to the contrary, any fee, fine, or penalty imposed or assessed by the State Ethics Commission in the current fiscal year shall be deposited in the General Fund."

Based on historical State Ethics Commission fee and penalty collections and agency-estimated collections for FY 2013-14, we expect that other fund revenue allocated to the State Ethics Commission would decrease by \$339,000 in FY 2013-14. The General Fund would see a corresponding increase of \$339,000 in FY 2013-14 without any further guidance as to where the fee and penalty revenue will be deposited.

Dear Governor Haley:

This letter is in response to a request by your staff for a revenue estimate from the Cigarette Surtax earmarked for Medicaid for the fiscal year 2013-14. The Board of Economic Advisors has estimated the revenue expected from the Cigarette Surtax for FY 2012-13 and FY 2013-14 is \$136,500,000 and \$135,135,000 respectively. Act 170 of 2010 designates that annually the first five million collected from the Cigarette Surtax is earmarked for the MUSC Hollings Cancer Center and the next five million annually is designated for DHEC's Tobacco Prevention and Cessation program. The balance collected each year is earmarked for the Medicaid Reserve Fund.

Based on the BEA Cigarette Surtax estimate and the expected unappropriated cash that will be on hand within the Medicaid Reserve Fund at the close of FY 2012-13, the revenue available for appropriation from the Medicaid Reserve Fund is projected to be \$158,000,000.

If I can be of any further assistance, please advise.

Dear Mr. Boles:

This letter is in response to a request by the Governor's Office regarding an estimate of the amount of revenue expected for the Cigarette Surtax for Fiscal Years 2012-13 and 2013-14. We understand that your office will compare these revenue estimates to FY 2012-13 appropriations and advise the Governor's Office on the net revenues available for appropriation in the FY 2013-14 budget process.

Earlier this month, the Board of Economic Advisors issued their revenue forecast for FY 2012-14 that included a specific estimate for cigarette taxes designated for the General Fund. Given this estimate, the corresponding estimates of revenues for the Cigarette Surtax are \$136,500,000 and \$135,135,000 for FY 2012-13 and FY 2013-14 respectively. Given the variability of this revenue stream and that appropriations for other funds are dependent upon actual cash receipts, we suggest that some contingency in the event of a shortfall, of up to five percent of these estimates, be considered in the planning of these expenditures.

If we may be of any further assistance, please advise.

Sincerely,

Frank A. Rainwater
